**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gary Mangels on 05/09/2011.

The application has been amended as follows:

In the claims:

In claim 85 line 2, delete "having=s" and insert in its place "having".

The following is an examiner's statement of reasons for allowance: Killat et al (US 4,871,779) and Caminade et al (FR 2734268 A1), discussed in the final rejection, represent the closest prior art and do not arrive at the claimed inventions.

Regarding claims 60, 90, 91, 135, 141 and 142, neither Caminade or Killat disclose a combination of the specific combination of generational and intermediate chains with a dimethyl phosphonate terminal of claim 78 nor is there any suggestion or motivation to prepare a dendrimer of this particular combination. The terminal groups of Killat cannot be modified to contain dimethyl phosphonate groups because these would not perform the intended uses of the dendrimers, namely ion exchange and chelate resins.

Regarding claims 77 and 85, while the claimed core molecule is disclosed in the prior art, e.g. in Caminade and Majoral et al (US 6,969,528), there is no disclosed motivation to change the amine based core of Killat to the claimed phosphorous based core. Nor is there motivation to change the generation or intermediate chains of Caminade '268 to those of claims 121 and 129. Both of these modifications of the prior art are non-trivial, would effect the chemical and physical properties of the dendrimers (such as solubility and ion exchange capacities) and would require significant adjustment to the disclosed preparation of the dendrimers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MIKE DOLLINGER whose telephone number is (571)270-5464. The examiner can normally be reached on M-F 9-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
